& Shellfish Hatchery Tours 2pm-4pm**

If you plan to join us for this day of free fun for all ages, please RSVP to  
[info@coastalsteward.org](mailto:info@coastalsteward.org)

## Who is CSLI?

**Coastal Steward Long Island** is dedicated to restoring and preserving Long Island's coastline through education, raising public awareness, and community action. CSLI programs educate our youth and local community groups in coastal environmental awareness through beach cleanups, shellfish population restoration, and citizen science. By engaging with our local youth and communities, we foster a caring connection between Long Island residents and their shoreline, and create future generations of coastal stewards.

## Where to Go

Marine Environmental Stewardship Center  
Cedar Beach - 231 Harbor Beach Road  
Mount Sinai, NY 11766

*Upon entering the park, drive up to the second stop sign.  
Fee to enter the beach will be waived!*
